
PET GRAB 'N GO BAG

Last Revised: 06/2020

PET EMERGENCY SUPPLY KIT

Create a personal emergency plan that includes provisions to care for your animals. Use an easy-to-carry container such as a backpack, duffle bag, or plastic storage bin. Include the following basic survival items to keep your pet happy and comfortable.

- Rabies tag and ID tag that includes a contact person's name, address, and phone number.
- Leash and harness or collar.
- Pet medications and first aid kit (cotton bandage rolls, tape and scissors, antibiotic ointment, flea and tick prevention, latex gloves, isopropyl alcohol, saline solution).
- Veterinary records with proof of vaccinations, registration, and adoption documents.
- At least a 3-day supply of pet food in an airtight/waterproof container, water, bowls, and, if needed, a can opener.
- Plastic trash bags, newspapers, paper towels, and household chlorine bleach.
- Kitty litter and container for cats.
- Crate or pet carrier (large enough for your pet to stand, turn around and lie down) labeled with your pet's name, your name, and information about how to reach you.
- A picture of you and your pet together to prove ownership (add species, breed, age, sex, color, and distinguishing characteristics)
- Familiar items (treats, toys, and bedding to help reduce stress)
