

Sundancer Square and Round Dance Club Newsletter

We are all so excited to get back to dance! Sundancer square dancing will resume on July 12th as previously planned. Now that masks are optional, we should be ready and able to dance. Dancing will begin at 6:30 p.m. Brad is well aware that most of us will require review for even Mainstream calls. We are confident in his ability to evaluate the floor as we dance. Below is Brad's plan for our dance.

"My idea is that we begin by trying to do an hour of dancing for those who have been sidelined for the past year or so, concentrating on workshopping problem calls as they arise. This will be followed by an hour and a half of dancing for those who have managed to retain their dancing skills. If we can start at 6:30 then this program would take us to 9:00. I would propose that we plan that the period from 7:30 on be divided into alternating Mainstream and Plus tips depending upon the dancers in attendance. After we have been dancing a month or two we can re-evaluate the program.

I am excited to be returning to the Sundancers as we commence dancing after this enforced hiatus. This is my 25th year as the club caller and the Sundancers 25th year as a club. I look forward to being able to gather again and hope that we can welcome everyone back in a grand fashion on July 12."

Our Round Dancing schedule will resume on June 6th in the Atrium. As with square dance, most of us have not been dancing for over a year. Any suggestions for review are welcomed. Below is Jerry & Lucy's plan.

2-3:45 p.m. for Beginners, working on Waltz at this time

4-5:30 p.m. Phase 3

5:45-7:15 p.m. Phase 4

There will be 2 breaks of 15 minutes. (3:45 & 5:30 p.m.)
