Meetings this week:

- Monday Meeting, September 18, 1:00 - 2:00 pm, Ballroom
  Bill Kettlewell, Market Training Lead for The Electric Reliability Council of Texas presents: "ERCOT's Role, and the IT Systems that Make it all Possible." This is your opportunity to learn how Information Technology is employed by ERCOT to price and deliver electric power to Texas consumers economically, while ensuring the integrity of transmission network operation. Bill will discuss the model used for network operations, how generation and consumption are matched economically, and how the electricity market is set up for the day ahead. It's an amazing story, seldom heard by the public, but vital to our interests as consumers of electricity. The meeting is open to all residents, so invite your friends and neighbors.

Hurricane Harvey Relief Benefit Weekend

Sponsored by the Sun City Cajun Group

The following events have been put together to raise money in support of the flood victims in the Cajun Country of Southeast Texas and Southwest Louisiana. 100% of the net proceeds from these events will be donated to local relief providers who are in the impacted areas and who have "boots on the ground". We are only able to accept monetary contributions as we are not set up for food and clothing.
Tickets for Sunday's performance are available NOW online through the CA ticketing system and at the Member Services Office. We will also be selling tickets at the Cowan Creek event site.
