Subject: Final News Flash From EVHS Community Boosters

It has been a pleasure to highlight the positive things happening at East View over the past three years. Another senior class graduated last week in spite of the rain! I hope you have seen the fun pictures in the Sun. In May I was treated to a wonderful presentation by members of the East View Student Council outlining the amazing activities they have done this year with the purpose of creating community and connecting students at East View. This summer they will go to a Student Council leadership camp to learn from other schools and plan activities for the next school year. One of those is Fresh Fest which is a way to orient new freshmen to East View, the culture and positive things happening there.

Over the past three years, Community Booster members have donated a total of \$505.00 which has been held for us by Partners in Education. I was proud to present a check in that amount to the Student Council a few weeks ago. The attached pictures will give you an idea of the fun students involved and I feel confident the funds will be used well.

I will no longer be sending a monthly email to all of you, but encourage you to keep up with what is happening at East View and show up to support the students in all of their endeavors.

I look forward to seeing you at the games and events! Go Patriots!
