

Computer Club E-Newsletter July 22, 2018 – July 28, 2018

Seeking a Volunteer: The Computer Club is looking for an Android user to teach a 1-2 hour seminar on how to move photos from an Android phone to a computer. If you would be interested in doing this, please contact <u>training2@sctxcompclub.org</u>

Media Conversion Workshops: Effective August 1st, the process for signing up for media conversion workshops will change. Members will no longer need to come to the Computer Club to sign up for the workshops. Instead, it will be done using the same method as signing up to use the media conversion equipment. More information will follow in the next few weeks.
