

# Computer Club E-Newsletter September 23, 2018 – September 29, 2018

## 

### Wanted --Lab Monitors

You cannot help but noticing the lab monitors with the blue vests when you come in the lab. The lab <u>cannot</u> be open with out a monitor present. They are not necessarily experts with computers and their duties are to welcome visitors, assist in signing up for class and answering member questions. If you would be interested in becoming a monitor, send an email to <u>monitors3@sctxcompclub.org</u> to arrange for training.

####

#### CLASS REGISTRATION INFORMATION!!!!

Have a look at the October class calendar or the class listing following these announcements. It's time to get back into the learning grove!!!

Office 2010 Word Intro and Word 2010 Intermediate are on the October calendar. Take Intro one week and Intermediate the next. Mail Merge for your Holiday card mailing is included in the Intermediate course. Register now---it won't be back until Spring.

Photoshop Elements 1 in October will be the last offering this year.

Don't miss eBay in October!!!! And Excel Formulas & Functions.

Learn to get the most from your iPhone in our iPhone Intro and iPhone Intermediate classes.

And of course there is Windows 10 and Windows Basic Skills.

For our Mac users we have Intro; Calendar; Maintenance Basics; Safari and Numbers.

November Class Calendar will be posted on Monday September 24

Check the Online Class Calendar on the Website for all the October & November. classes dates & times!!

Check the class listing below and the Calendars on the club website---you must login to view & register for classes. If in doubt about class content, check the Class Descriptions on the club website under TRAINING.
