President's Corner
Bob Maher
2020 Photography Club President

Welcome to 2020!

On behalf of your new board we hope your holidays were great and that you're looking forward to another year of producing photos of your favorite subjects.

The board has already been active looking at things we can do to support you in your photography pursuits. In addition to our already established Special Interest Groups (SIGs) we've updated what used to be the Mentor's Discussion Group to the Photography Discussion Group. Meeting the first four Mondays of each month there are a variety of topics covered and I encourage you to visit our website and check the calendar for the topics on each Monday. We are also looking into some new classes and SIGs to increase our coverage of specific camera brands and interests.

Almost all of our SIGs, discussion groups, and classes meet in Game Rooms 1 & 2 (affectionately known as 'The Studio') in the Activity Center on Texas Drive. Again, check the Club Calendar for dates and times and potential location changes.

Speaking of the Studio, look for some upgrades to the equipment there. We've got a new, calibratable, monitor for the computer that will be installed soon. We are looking into a display to replace the big screen on the wall. And we'll be adding some new backdrops for the portrait corner.

Finally, if you haven't done so, please renew your membership for 2020 by January 31st. Your \$12 supports things like new equipment for the Studio, supplies for hanging your pictures in our various venues, and honorariums for speakers at our general meetings. So, I encourage you to renew your membership and participate in our club activities.

PHOTOGRAPHER OF THE MONTH

Walt Grabowski

I am a retired executive from the defense & intelligence government-services business centered around Washington, DC. My wife, Sharon, and I were high-school sweethearts. We have three grown children. I have a technology background based on a PhD in Engineering. I'm always interested in how things work, how they're designed, and how they contribute.

I retired four years ago and we moved to a 55+ community in suburban Virginia. We relocated to Sun City in 2018 following the move to Austin of one of our children.

I started taking pictures while in high school – I saved after-school work money and bought a 35mm viewfinder camera and a light meter. I acquired my first SLR as a treat to myself upon finishing graduate school. I became more serious about my photography as an expressive medium after retirement.

I enjoy being outside, so most of my shots are. I'm especially interested in artifacts, machines, devices. I'm an ardent cyclist and often spot candidate photo subjects while riding in the ranchland around Sun City.

SOLO WALL SHOWCASE

Cheryl Janssen

Cheryl and her husband, Joe Wickens, moved to Sun City from southeast Michigan in 2013, and continue to maintain a lake house in central Michigan for visiting family and escaping the Texas heat. They retired from the State of Michigan, have two daughters, sons-in-law, four grand-children all under the age of six, and try to split their time with their families in Round Rock and Spring Hill, TN.

Cheryl purchased her first DSLR in 2011, joined the Photography Club in 2013, and won “Best in Category” for her “Dahl in Denali” in her first-ever exhibit in 2014. This year, Cheryl entered four images and was awarded three ribbons, two of which are displayed in her Tanzania exhibit.

Today, she serves as a Co-Leader of the Photo Club’s PSA Print SIG, and when not playing with grandbabies, can be found playing pickleball or working diligently to improve her photography skills.

Tanzania Wildlife and Natives

This past summer, I was blessed and fortunate enough to join professional photographers, David and Ally McKay, of McKay Photography Academy, on a photographic tour of the northern and central regions of Tanzania, Africa.

Through my images, it’s hoped that I convey to you a sense of its beauty, not just in its animals, but also its people.

Feel free to contact me if you have any questions, are interested in purchasing any of my art in any form, or would simply like more information on McKay Photography Academy and their photographic tours.

EDUCATION & PROGRAMS

Composition Plus Presented by Holly Moore

Composition Plus sessions by Holly Moore will be held on two Mondays, January 23 and February 3, from 2:00 - 3:15 in the Studio. Members can register for it as of 12/20/19. There is no fee, but please register on the calendar for the sessions you want to attend.

This Session is geared for the beginner and intermediate photographer. The main focus will be a discussion of Compositional Elements and will include a slide show for visual examples. The presenter will also incorporate tips for working in the field that will strengthen the overall compositional value of the photograph. The second session in February is when members can bring their own photographs for discussion and critiquing.

The presenter will be Holly Moore, PPSA.

Holly joined the Sun City Photography Club in 2006 as a novice photographer.

She is also a member of the Photographic Society of America, the Texas Photographic Society, the Williamson County Art Guild and the Hill Country Photography Club. She enjoys exhibiting and competing. Many of her photographs have received awards, have been accepted into juried print exhibitions and have been published in various calendars and magazines. Some of her photographs are on permanent display in Georgetown. In 2016 she was commissioned to create the photography for the Williamson County Museum's 2017 Calendar.

In 2014 Holly began judging for local youth organizations and in 2017 was accepted as a volunteer judge for PSA affiliated club competitions. She enjoys competing in PSA International Exhibitions and earned her PPSA Distinction of Proficiency in 2017. In 2019 she received her first PSA Galaxy.

Mini Gallery

The Photography Club has introduced a new "Mini-Gallery" to give special recognition to those members whose photographs have garnered a significant award "outside" Sun City. A "significant award" is one where a Judge or Jury has made the selections. Not only is this an achievement for the photographer, it enhances the stature of the Sun City Photography Club and Sun City Texas amongst the local, national and international family of Camera and Photography Clubs that are considered "strong competitor clubs." The Sun City Club members have won numerous "outside awards" and this is an attempt to recognize their hard work and excellence, as well as to motivate others to follow.

The first two winning images to be displayed are by Dee Darius Sams and Glenn Rudd exhibiting "Old Man of Equador" and "Wild Horses in Utah." These are excellent in all regards and are worth a trip to see.

The Gallery is in Game Room #1 at the Activities Center and open to the public when not otherwise in use.

Our iPhone Photo SIG is Friday 1/3/2020 at 9am in the Activity Center Game Rooms 1/2 (the same place as always). Our SUBJECT OF THE MONTH is Holiday Highlights and Memories, so look in your photo library and email me up to THREE of your favorite iPhone shots, so that we can admire them at the SIG.

This month in addition to reviewing how to use your iPhone Camera, we will focus on your VIDEO CAMERA and how to set it up and use it. If your phone is over 3 years old and you are getting antsy for a new phone, we will look at rumors for what is being called the iPhone 12, the next new iPhone that will arrive in September 2020 or do you get the iPhone 11 or 11Pro or 11ProMax that are waiting for you on the shelves now? We'll help you decide.

This month we will look at Halide Camera, an optional camera app many are using to give their iPhone Cameras the intricacy of a regular DSLR. See if this is right for you and your shooting style.

And finally we will look at Snapseed again, one of the most popular image editors for cell phone cameras.

Email your iPhone shots of our Subject of the Month, **Holiday Highlights and Memories** to me at rebsctx@gmail.com.

All iPhone Users are welcome!
