Quick scan

Checks folders in your system where threats are commonly found.

Full scan

Checks all files and running programs on your hard disk. This scan could take longer than one hour.

Custom scan

Choose which files and locations you want to check.

Microsoft Defender Offline scan

Some malicious software can be particularly difficult to remove from your device. Microsoft Defender Offline can help find and remove them using up-to-date threat definitions. This will restart your device and will take about 15 minutes.
