AT&T to T-Mobile

I'm not promoting T-Mobile.

Both carriers are good.

I switched from AT&T after 25 years.

I was grandfathered into an old plan with unlimited data, 200 text msgs and 4g coverage.

The plan included a 25% Federal discount from when I worked at Postal HQ.

AT&T to T-Mobile

T&T			

T-Mobile

2 phone lines 1000 talk minutes / month 200 text mgs Unlimited data on one line 2GB data on the 2nd No 5G access No hotspot for either line 2 phone lines Unlimited talk, text, data on both lines 5G access Hotspot on both lines (40GB 4G LTE) Netflix Standard paid for Tuesdays app Unlimited inflight Wi-Fi

\$160+ / month inc 25% discount

\$90 / month If you minus Netflix then about \$75 / month

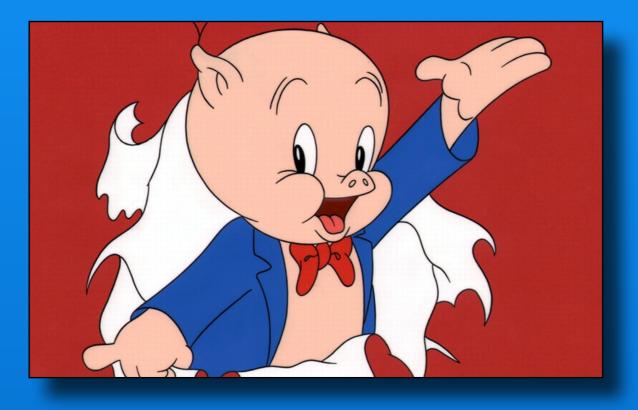

AT&T to T-Mobile

AT&T	T-Mobile Magenta 55+ Max plan			
Overall AT&T signal strength was good to excellent	Overall T-Mobile signal strength is very good.			
Some new AT&T plans include HBO Max				
Both carriers have poor signals indoors and in rural areas.				
I recommend enabling Wi-Fi Calling regardless of carrier				

That's all folks~

Next Meeting Friday - April 8
