Sept 2022

Far Out.

Sun City Life

Humor

I visited a monastery and as I walked past the kitchen I saw a man frying chips. I asked him "Are you the friar?"
He replied "No, I'm the chip monk..."

Navigating The Photos App

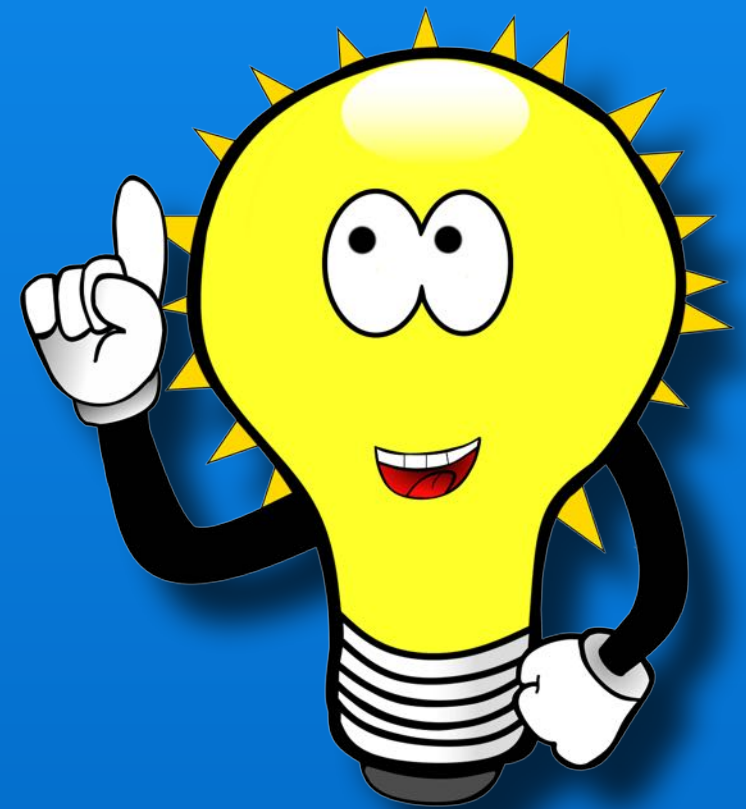

Apple Photos App Automatic Sorting

The Library tab sorts photos by the date the photo was taken

The Albums tab sorts photos by when they were added, not the date of the photo

In the Library tab, when you add a photo with an old date, you will have to scroll to that date to view it.

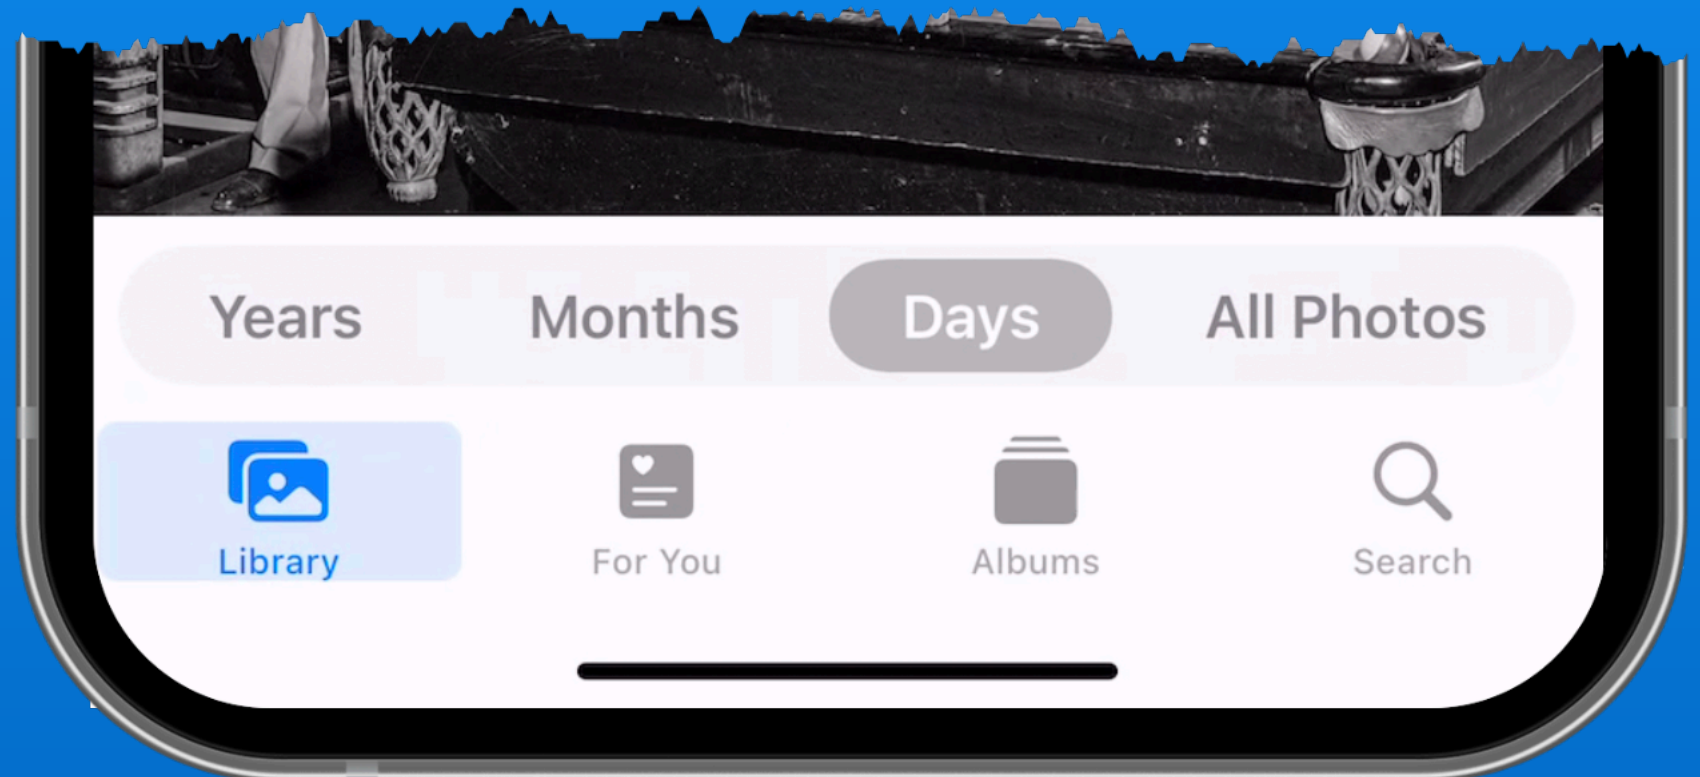

Apple Photos App - Navigation

Four tabs

- Library
- For You
- Albums
- Search

Apple Photos App - Library

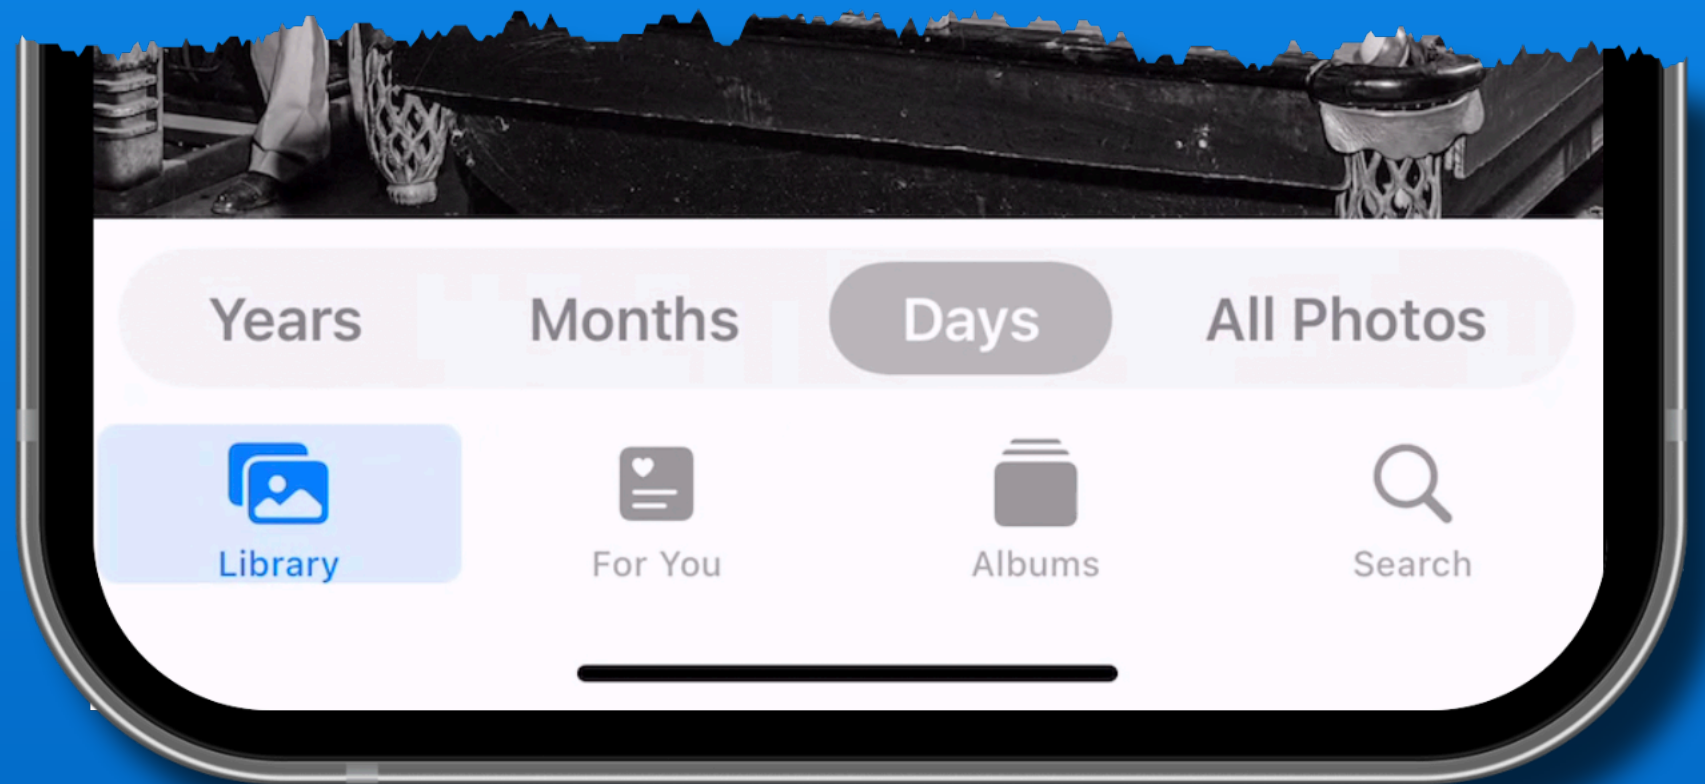

The Library tab defaults to the Days view

-Years

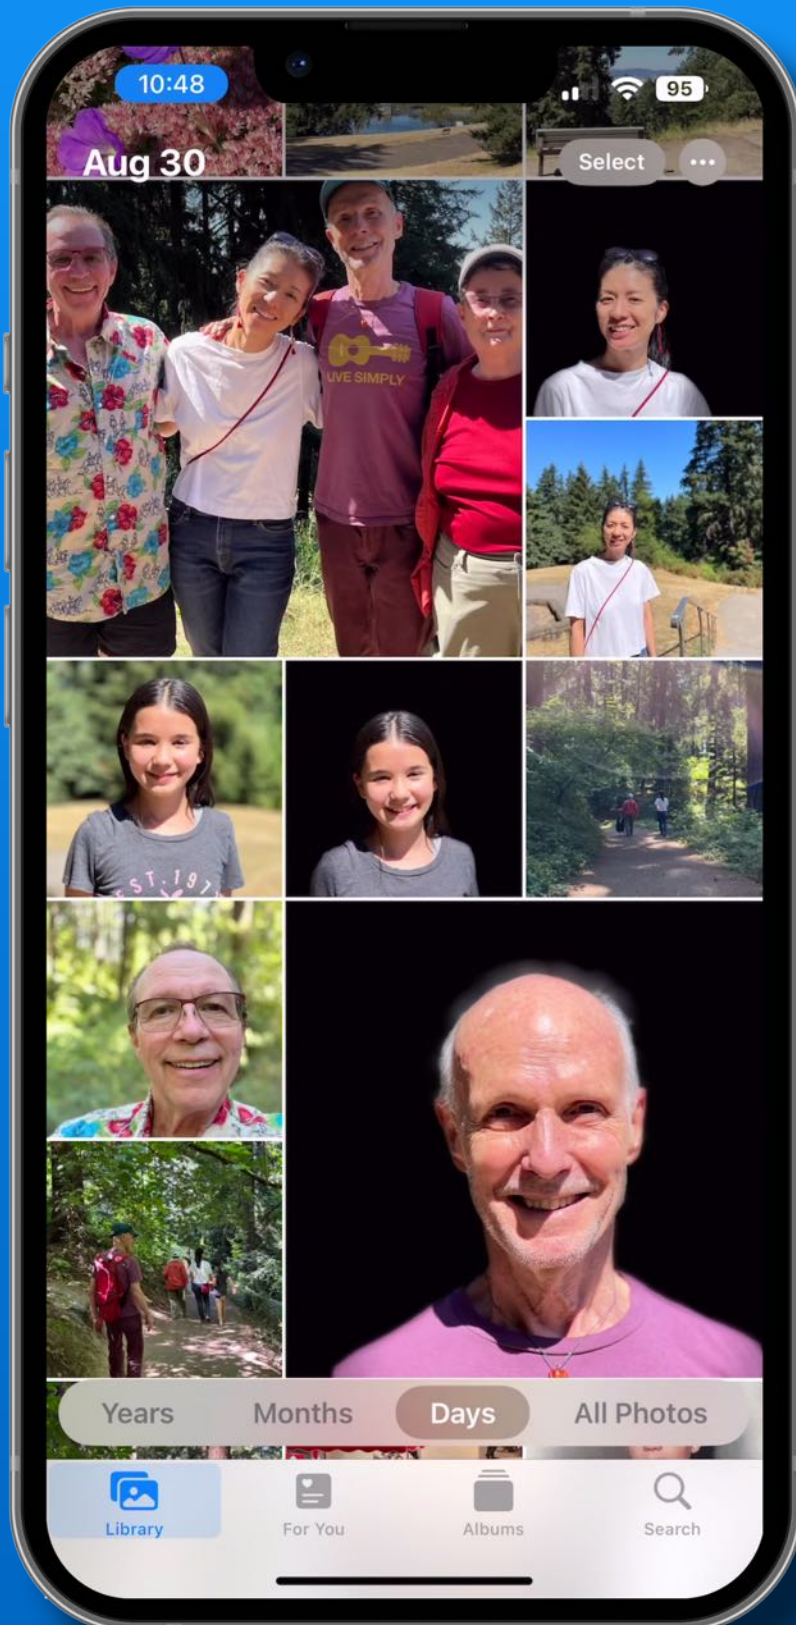

-Months

-Days

-All Photos

Apple Photos App - Days

Days hides duplicates

Displays photos in a mosaic format

Movies and Live Photos auto-play

Select All Photos to see every photo

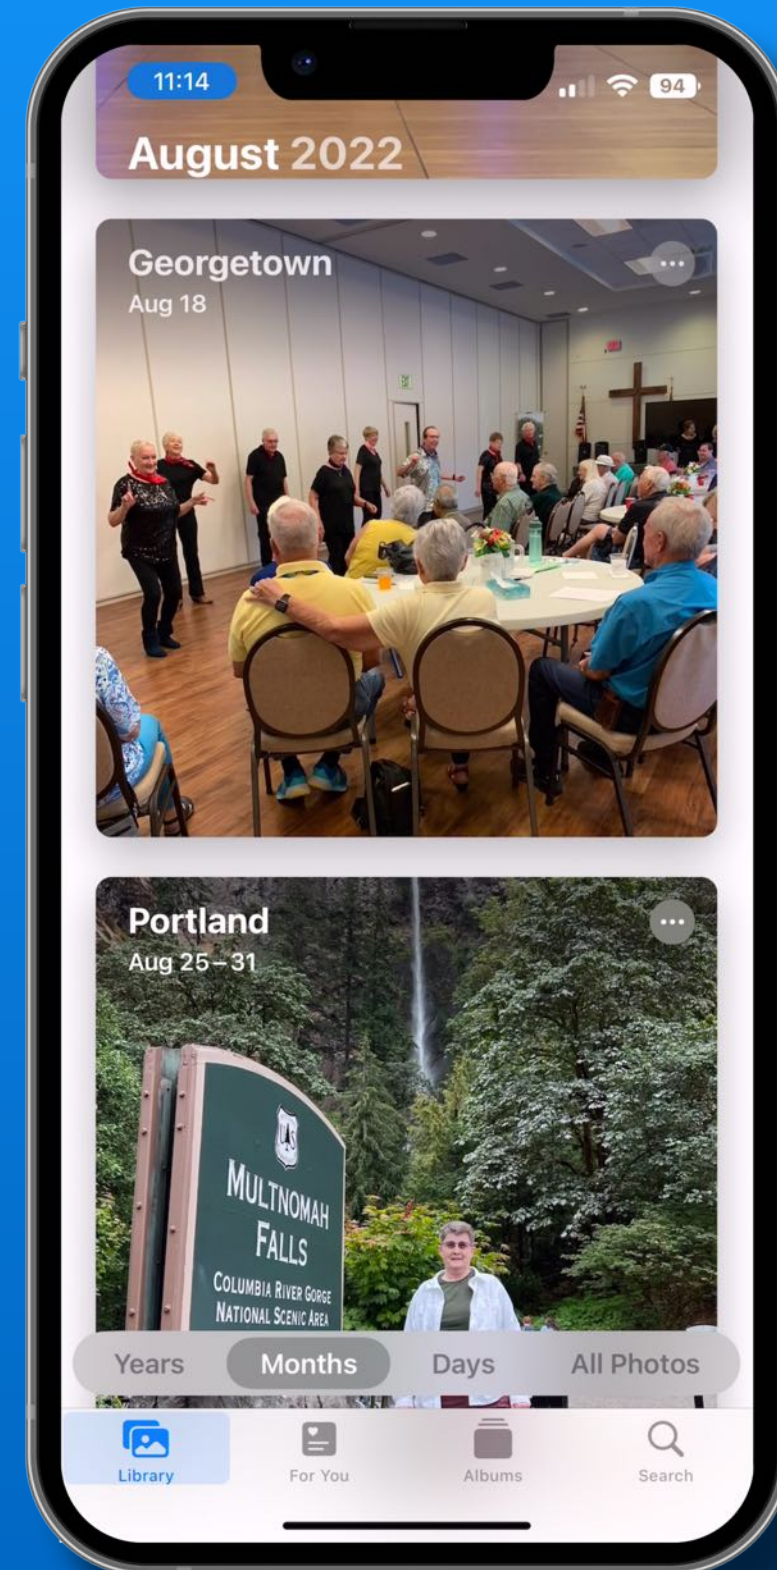

Apple Photos App - Months

The Months tab highlights groups of photos from the month

Sometimes from one day, or a range of days

Tap a Month and it goes to the Days view

Apple Photos App - Years

The Years tab displays a highlight photo from each year

It will rotate thru one photo a month while the Years view is open

Tap a Year and it changes to the Months view

Apple Photos App - For You

These categories only show up if you have photos of that type

e.g If you don't have Shared Albums or if you don't have iCloud links from a friend
