- Webcams, printers, storage
- Business accounts – consumers soon?
- Microsoft move totally to cloud model

Windows App

Welcome to Windows App

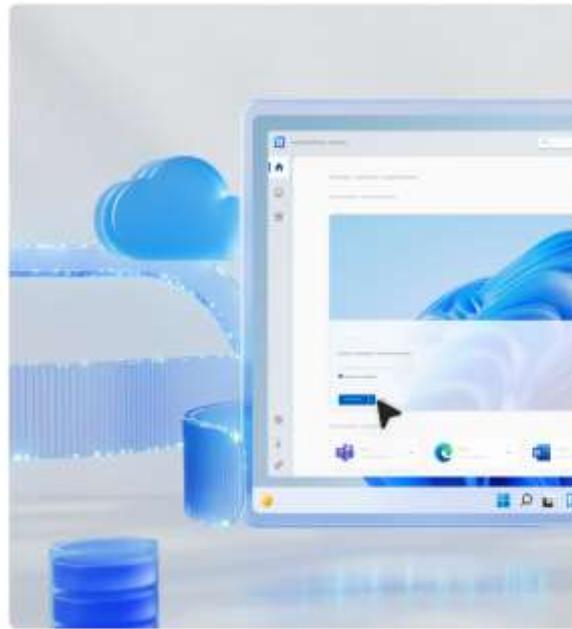

Sign in with work, school, or personal account to access
to devices and apps

Sign in

A screenshot of the Windows App interface. The window title bar reads "Windows App" and "Privacy" with a toggle switch. The interface features a sidebar with icons for Home, Devices, and Apps. The main content area displays a personalized greeting: "Hello David, welcome!". Below this, there are two sections: "Pinned devices" and "Pinned apps". The "Pinned devices" section shows two cards: "Cloud PC" (Windows 365) with specs "2vCPU | 8GB | 128GB" and "Ready to connect! Last connected 1 hour ago", and "Contoso Desktop" (Azure Virtual Desktop). Both cards have a "Connect" button. The "Pinned apps" section shows three cards for "Excel", "Word", and "Microsoft Edge", each with a "Connect" button. The bottom-left sidebar contains icons for Settings and Feedback.

Welcome to Windows App

Connect to the devices, desktops, and apps that you use for work from your physical device.

Step 1 of 2

Skip

Next

Windows App is built to provide security

Windows App delivers secure experiences to protect your work and privacy.

Step 2 of 3

Skip

Shape Windows App to suit you

Built-in options and settings help organize and manage apps and devices.
